Lingua CHC

Lingua Digital Infrared Charging Case

Description

The Lingua Charging Case can charge up to 64 Lingua infrared receivers at once. In just 2 hours, all receivers are fully charged.

The case has been designed for *frequent use and safe transportation*. It is built from durable, rugged materials and has several handles. As a result, it is easy and comfortable to move around. Finally, the cases may easily be stacked on top of one another.

Connectivity

- – Factory reset button
