# EKP-3016
Expansion Keypanel

The EKP-3016 is a 1 RU expansion panel used exclusively with the KP-3016 keypanel, giving an additional 16 keys per unit attached. Up to seven EKPs can be connected. Part of the KP-Series keypanel family, the EKP-3016 provides exclusive superior digital audio by using OMNEO media networking technology (developed by RTS parent company Bosch and incorporating Dante™ high-quality audio of IP) as well as analog technology.
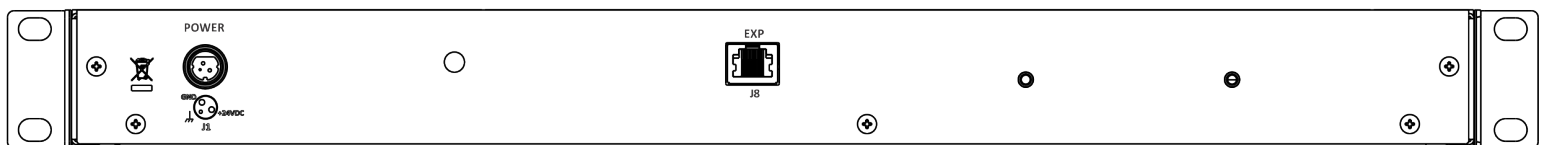

Features

- Wide-viewing angle color screen
- Ergonomic lever keys for talk/listen
